+"seamless vertical roaming" | **SEARCH**

Nothing Found

Your search for **+"seamless vertical roaming"** did not return any results.

You may want to try an Advanced Search for additional options.

Please review the Quick Tips below or for more information see the Search Tips.

Quick Tips

- Enter your search terms in lower case with a space between the terms.

    ```
    sales offices
    ```

    You can also enter a full question or concept in plain language.

    ```
    Where are the sales offices?
    ```

- Capitalize proper nouns to search for specific people, places, or products.

    ```
    John Colter, Netscape Navigator
    ```

- Enclose a phrase in double quotes to search for that exact phrase.

    ```
    "museum of natural history" "museum of modern art"
    ```

- Narrow your searches by using a **+** if a search term must appear on a page.

    ```
    museum +art
    ```

- Exclude pages by using a **-** if a search term must not appear on a page.

    ```
    museum -Paris
    ```

Combine these techniques to create a specific search query. The better your description of the information you want, the more relevant your results will be.

```
museum +"natural history" dinosaur -Chicago
```

1 Letters to the editor: IEEE first workshop on networking issues on multimedia entertainment   ☐
Marco Roccetti
April 2004 **Computers in Entertainment (CIE)**, Volume 2 Issue 2

Full text available: 📄 pdf(11.35 KB)   Additional Information: full citation, abstract

GLOBECOM 2004 - Satellite Workshop
November 29th 2004
Dallas, TX, USA

The growing availability of digital contents and the simultaneous cost reductions in storage, processing, and networking is driving the growth of the entertainment technology. Many of the technologies pioneered in emerging entertainment applications have also found use in a large spectrum of more serious settings, ranging from telemedicine to in-home, in-car, in-flight multimedia distribution plat ...
